WASTEWATER

SEPTIC CLEAN

HIGH PERFORMANCE WASTEWATER SYSTEM REJUVENATOR!

Contains **FAST** acting good bacteria!

Septic Clean contains high concentrations of powerful beneficial bacteria for use in waste water systems (septics and treatment systems) to digest organic matter.

Once introduced into the system the bacteria will keep multiplying and keep working to keep your tank and trenches clean of sludge!

- Eliminates odours (black water and grey water)
- Reduces blockages & sludge
- Rejuvenates overworked systems
- Repairs bacterial levels in systems that have had chemical, climatic or medical product damage.
- Also suitable for Composting Toilets

Dosage Information available for:

- * **Shock Treatment**
- * **Problematic Systems**
- * **Maintenance Dosages**

System maintenance can be helped with the use of non-chemical cleaners such as **Septic Science Bio Spray Cleaner**.

Available in:	
250gm	\$40.00
500gm	\$70.00
1kg	\$125.00

**Don't just mask the smell...
Treat the reason it smells!**

RV & MARINE WASTEWATER TREATMENT

The safer more effective way to handle RV & Marine Wastewater

Perfect for RV and Marine Flushing or Composting Toilets and Greywater Holding Tanks!

RV & Marine Wastewater Treatment

Containing 1 billion bacteria per gram. The specifically selected blend of bacteria produce multiple enzymes that work quickly to digest organic matter, out-competing the nasty odour producing species normally present, thereby eliminating the cause of the odours before they have a chance to take hold.

Liquid byproduct can be safely disposed of in a standard septic system! - Simply flush!

With no harsh chemicals **RV & Marine Wastewater Treatment** is much safer to handle and will also cause no harm to the environment or you!

Best used with Septic Science RV & Marine Wastewater Cleaner & Conditioner to achieve optimum results!
Substitute Flush for urination. Save on water!

Available in:		
250gm	\$40.00	12.5 Doses
500gm	\$70.00	25 Doses
1kg	\$125.00	50 Doses

WARNING
Do not use with chemical cleaners or fragrances..
Do not use with chemical or natural disinfectants.

POND CLEAN

OXYGENATED!

Small Pond:
4x100gm \$30.00
10x100gm \$55.00

New Formula:
4x100gm \$70.00
10x100gm \$165.00
20x100gm \$285.00
40x100gm \$550.00

100gm Bag treats up to 200Lt 100gm Bag treats over 10,000Lt

Pond Clean contains natural, beneficial bacteria for use in cleaning and maintaining ponds. The safe and friendly bacteria eats away any decaying organic matter, suspended solids and sludge. As the water cleans it reduces the excess nutrient content naturally starving the algae, leaving the water condition perfect for decorative and commercial ponds containing fish.

By using **Pond Clean** regularly, the bacterial activity needed to rejuvenate the pond's performance will increase, until the water is clear and sub-surface sludge and any algae blooms have disappeared.

Benefits:

- Reduce sludge volume & suspended solids
- Out-competes the algae for a slow die-off
- Makes water clean and safe for fish & plants
- Cost effective pond remediation.

DAM CLEAN

OXYGENATED!

Available in:
1/4 Megalitre Dam \$165.00
1/2 Megalitre Dam \$285.00
1 Megalitre Dam \$550.00
2 Megalitre Dam \$1005.00
3.5 Megalitre Dam \$1750.00
5 Megalitre Dam \$2200.00

Dam Clean contains high concentrations of powerful beneficial bacteria for use in cleaning and maintaining dams. This good bacteria eats away any suspended solids, sludge and decaying organic matter including manure. As nutrient levels decrease, algae will die back and sink to the bottom to be slowly consumed by the bacteria creating a natural cleaning cycle, leaving the water condition excellent for stock watering and irrigation. The more slowly the cleaning cycle occurs, the longer the effects will last. Some dams may take several dosing cycles to clean depending on the severity of sludge and algae accumulation.

Dam Clean has proved to be the most cost effective and ecological solution for dam remediation. It comes in 250g soluble bags that dilute easily and safely when in contact with water.

TROUGH CLEAN

OXYGENATED!

1 x 250gm Bag treats 500Lt

1 x 100gm Bag treats 200Lt

Available in:
4x100gm \$30.00
10x100gm \$55.00
20x100gm \$95.00

Available in:
2x250gm \$35.00
4x250gm \$55.00
8x250gm \$95.00
16x250gm \$180.00
32x250gm \$345.00

Trough Clean is a simple, economic and environmental alternative to cleaning troughs, without chemicals that may harm thirsty livestock. Designed to biologically reduce sludge and control odour, making water clean and drinkable.

Trough Clean uses selected bacillus bacteria to digest organic waste. Each strain produces multiple enzymes resulting in an extremely powerful and effective biological treatment.

Benefits:

- Reduce algae.
- Reduce sludge volume & suspended solids.
- Control odour.
- Makes water clean and drinkable
- No manual cleaning required.
- No need to empty the trough to clean!
- No harm to plastic or concrete troughs.

No more Scrubbing Troughs!

CLEANING

BIO SPRAY MULTIPURPOSE SPRAY CLEANER

General all purpose spray cleaner. Perfect for cleaning glass, mirrors, floors, showers, bathrooms, toilets, ovens, BBQ's, kitchen benchtops and stainless steel appliances.

250ml Concentrate makes up to 5 Litres

500ml Concentrate makes up to 10 Litres

This is an everyday cleaner you can use at home or work. It replaces most cleaners on the market and contains no harsh cleaning chemicals!

Key benefits

- Chemical free
- Mild lemon fragrance
- Safe for septics
- Shines glass and stainless steel
- Keeps working after application
- Biodegradable and sustainable
- Reduces pipe blockages
- Safe for all plumbing types
- Mix double or triple strength for maximum cleaning effect

The **Bio Spray** cultured bacteria decompose organic matter such as food, fats and greases, urine, blood, soap scum, and mould by creating digestive enzymes that help bio-degrade complex compounds.

Available in:
500ml Spray \$7.00
250ml Conc. \$30.00*
500ml Conc. \$50.00**
1L Conc. \$75.00**
(*With 1 free spray bottle)
(**With 2 free spray bottles)

UV CLEAN URINE & VOMIT

Available in:
125ml Spray \$15.00
500ml Spray \$30.00
1L Refill \$50.00*
5L Bulk \$195.00**
20L Bulk \$610.00
(*With 1 free spray bottle)
(**With 2 free spray bottles)

**ALSO AVAILABLE
FRAGRANCE FREE!**

UV Clean is unlike any other cleaner on the market!

Removes stains & odours caused by:

- Animal & human urine and sweat
- Vomit, blood, faeces, bodily fluids
- Tea, coffee, milk, orange juice, cordial, soft drink

Ideal for use on:

- Carpets, underlay, mattresses, curtains, fabrics
- Concrete, brick, wood
- Furniture, walls, wood & tile floors & grout
- Synthetic grass, artificial turf
- Composting Toilet Urinals

UV Clean contains billions of friendly bacteria, scientifically proven to break down organic matter into simple chemical compounds found naturally in the environment.

WARNING
Do not spray on skin or
pets. Immunocompromised
people should avoid direct
contact with UV Clean
